Get **Free Help** with Medicare

Medicare starts at 65 for everyone.* Make sure you're ready. Late enrollment may result in lifetime premium penalties.

* If you are covered by an employer group health plan through active work (your own or your spouse's), you may delay enrolling in Medicare without penalty.

About SHIBA

The Senior Health Insurance Benefits Assistance (SHIBA) program is a federally funded state program that offers free, objective, and local one-on-one health insurance counseling and assistance to people with Medicare and their families. Certified counselors help people make informed decisions about their health insurance.

Free help is available to people ready to sign up for Medicare, people already on Medicare, caregivers, and advocates.

Tips to prepare for Medicare Open Enrollment:

Think about what matters most to you. Medicare health and drug plans change each year and so can your health needs. Do you need a new primary care doctor? Is your new medication covered by your current plan?

Review your plan notice. Read any notices from your Medicare plan about changes for next year, especially your Annual Notice of Change letter.

Find out if you qualify for financial help. Learn about programs to help with the costs of Medicare premiums. To see if you qualify, apply at a local DHS Aging and People with Disabilities office. To locate and office, call 800-282-8096 (toll-free) or visitoregon.gov/DHS/offices/Pages/Seniors-Disabilities.aspx.

Tips when comparing health insurance plans:

Find your insurance cards. You may need your Medicare card to review benefit details or enroll in a new plan. If you have a Medicare Advantage or prescription drug plan, you may also need that card.

Update your list of prescription drugs. Check with your doctor to make sure you understand each prescription.

Use the Medicare.gov plan finder. The plan finder uses your prescription list to compare prescription drug and Medicare Advantage health plans in your area.

Contact your doctor, hospital, and pharmacy before making changes. If you switch plans, make sure you understand which providers you can see for the best price.

Apply for help with drug costs. You may qualify for extra help with prescription drug costs. SHIBA counselors can help you apply for this benefit through Social Security.
